PANNING

Pralines

Various nuts, seeds and grains can be pralined in revolving pans or kettles over open fire to create a caramelized sugar coating.

Styles include:

- Glazed
- Candied
- Honey
- Spiced

Coating

Luscious coatings add flavor and protect piece integrity. A variety of coating options exist:

- Milk, Dark and White Chocolate
- Compound Coating in your choice of flavor and color
- Coatings available to provide a moisture barrier and protect piece identity

Clusters

We bundle your choice of ingredients into clusters:

- Dried Fruit
- Nuts
- Grains
- Candy
- Cereal
- Snack Food
- Granola
- Streusel

SOFT CANDY

Drops

Similar to chocolate chips in functionality, these pieces retain their integrity when baked and create pockets of flavor and color.

Fudges

This candy has a soft chewy fudge-like texture.

Bark

Bark is made with chocolate or compound coating mixed with candy, cookies, nuts or fruit and broken up into uneven pieces.

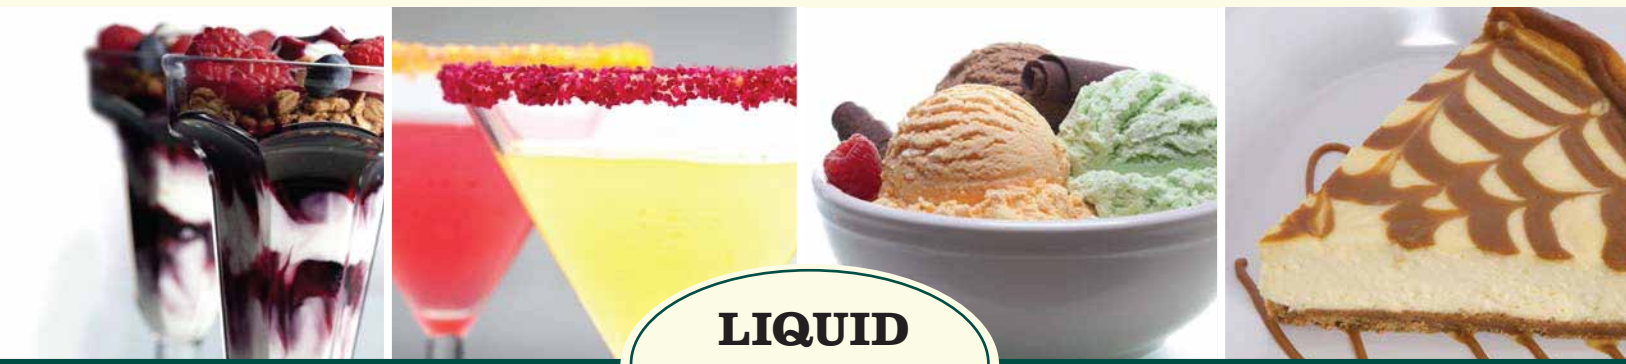

Blends

We create custom blends of ingredients to ease production and reduce your SKU count.

Grinds

We grind products to any size you specify.

- Examples of products to grind:
- Cookies
 - Brownies
 - Biscotti
 - Crackers
 - Pretzels
 - Cake
 - Pie Crust
 - Streusel
 - Branded Candy

LIQUID FLAVORS

Variegates

We develop multi-functional sauces specifically for your application.

Options Include:

- Water or Fat Based
- Smooth or Textured

Syrups

We offer sweetener based flavors in a variety of flavors and colors.

Options Include:

- Pumpable
- Drizzlers
- Drink Mixers

Bases

Our bases allow multiple ingredients to be added in one step.

Options Include:

- Smooth or Chunky Fruit
- Caramel Bases
- Dessert Flavor Profiles

Ganache

A shelf-stable product that works as a filling for baked goods or on ice cream cakes.

Flavors

We offer a variety of flavors to enhance your ice cream and baking recipes.

Options Include:

- Oil or Water Soluble
- Natural and Artificial, Natural, Natural WONE, Organic
- Optional Color Addition
- Varying Concentrations

About PARKER PRODUCTS

I.C. Parker, creator of the famous "Drumstick"™ novelty, founded Parker Products in 1926 to create inclusions for the ice cream industry.

Since then, Parker Products has evolved into an innovator of confectionery ingredients for use in a variety of food and beverage applications.

HARD CANDY

Flakes

Hard candy bursting with flavor and color.

Toffee

A Parker classic, our caramelized candy is offered in a bakeable version, with or without nuts or added flavor.

Sprinkles

Add flavor, color and texture with sugar-based sprinkles.

Bakestable

We have specially formulated candy to maintain its integrity during the baking process.

Shaped Candy

We create unique shapes such as pillows (rounds), hearts and stars by passing hard candy through a die mold.

Sanding Sugar

Customized sanding sugars add artisan appeal through color and flavor.

Options Include:

- Con AA
- Granulated
- Baker's Special
- Turbinado
- Powdered Dextrose
